SUMMARY

Frontend Developer with a strong focus on UI/UX and interactive web experiences.

I design and build modern, visually engaging interfaces, combining usability, aesthetics, and performance.

With a background in both development and design, I bridge creativity and engineering to create intuitive and impactful digital products.

WORK EXPERIENCE

Developer

01/2025 – 02/2026

Urban Tech • Brussels, Belgium

Developed and deployed web applications using React, JavaScript and REST APIs. Contributed to UI architecture, frontend performance optimization (by optimizing rendering and asset loading), and user experience on production applications. Collaborated within a product team on real client projects ([SideGeek.com](https://sidegeek.com)).

Fullstack Web Dev Coach

11/2023 – 01/2025

MolenGeek • Brussels, Belgium

Guided and mentored students while orchestrating web projects under real-life conditions.

3D / Modeling & Video Design

03/2023 – 12/2023

Tarmac • Brussels, Belgium

Designed and produced real-time 3D assets and visual experiences supporting brand storytelling and digital production pipelines.

Event Project Lead / Art Director

04/2021 – 11/2021

Emotion • Brussels, Belgium

Developed visual identity, devised strategy, enhanced communication and event experience.

Event Styling & Creative Direction

02/2018 – 07/2020

Bloody Louis • Brussels, Belgium

Managed scenography, oversaw production, and coordinated visuals and logistics.

Visual Merchandiser

04/2016 – 08/2023

Pinko • MMFG • Swarovski • Brussels, Belgium

Executed product staging, maintained brand consistency, and enhanced customer experience.

EDUCATION & CERTIFICATIONS

Fullstack Development

2023 – 2024

MolenGeek • Brussels, Belgium

Built responsive web applications using HTML, CSS, JavaScript and modern frontend frameworks.

3D Modeling & Animation

2023 – 05/2023

Formation Julien Deville • Brussels, Belgium

3D modeling, lighting, animation in Blender. Real-time asset optimisation & export workflows.

Styling

2018

MMFG • Reggio Emilia, Italy

Creative direction, visual storytelling and aesthetic composition.

Graphic Design

2017

Domestika • Brussels, Belgium

Visual identity, typography and layout design. Creation of digital assets and UI compositions.

SKILLS, KEY STACK

Frontend :

React · TypeScript · Next.js · JavaScript · Three.js / React Three Fiber · Vue.js · Tailwind · UI Performance Optimization · HTML · CSS · SASS · Responsive & Interaction Design

Creative Technology / 3D

Blender · 3D Modeling · Real-time Optimization Shaders · Interactive Visual Systems

Backend & Tools :

Node.js · PHP · Laravel · REST APIs · Authentication · MySQL · Deployment · Git · GitHub

PROJECTS

Interactive 3D Portfolio (React, Three.js) <https://kasia-ngk-portfolio.netlify.app/>

- Developed a real-time interactive 3D environment with custom navigation and UI overlays
- Implemented performance optimization strategies for smooth rendering and fast loading
- Designed immersive and visually engaging UX with animations and dynamic interactions.

Interactive Content Generator (React)

- Built a dynamic content generator using conditional logic and user interaction flows
- Designed a playful and engaging interface with custom animations and feedback systems
- Focused on UX storytelling and user engagement.
